Notice of Change in Water Right Ownership

1. List the numbers of all water rights and/or adjudication claim records to be changed. If you only acquired a portion of the water right or adjudication claim, check "Yes" in the "Split?" column. If the water right is leased to the Water Supply Bank, check "Yes". If you are not sure if the water right is leased to the Water Supply Bank, see #6 of the instructions.

4. If the water rights and/or adjudication claims were split, how did the division occur?

- ☐ The water rights or claims were divided as specifically identified in a deed, contract, or other conveyance document.
☐ The water rights or claims were divided proportionately based on the portion of their place(s) of use acquired by the new owner.

5. Date you acquired the water rights and/or claims listed above: _____

6. If the water right is leased to the Water Supply Bank changing ownership of a water right will reassign to the new owner any Water Supply Bank leases associated with the water right. Payment of revenue generated from any rental of a leased water right requires a completed IRS Form W-9 for payment to be issued to an owner. A new owner for a water right under lease shall supply a W-9. Water rights with multiple owners must specify a designated lessor, using a completed Lessor Designation form. Beginning in the calendar year following an acknowledged change in water right ownership, compensation for any rental will go to the new owner(s).

7. This form must be signed and submitted with the following **REQUIRED** items:

- ☒ A copy of the conveyance document – warranty deed, quitclaim deed, court decree, contract of sale, etc. The conveyance document must include a legal description of the property or description of the water right(s) if no land is conveyed.
☒ Plat map, survey map or aerial photograph which clearly shows the place of use and point of diversion for each water right and/or claim listed above (if necessary to clarify division of water rights or complex property descriptions).
☒ Filing fee (see instructions for further explanation):
☒ \$25 per undivided water right.
☐ \$100 per split water right.
☐ No fee is required for pending adjudication claims.
☐ If water right(s) are leased to the Water Supply Bank AND there are multiple owners, a Lessor Designation form is required.
☐ If water right(s) are leased to the Water Supply Bank, the individual owner or designated lessor must complete, sign and submit an IRS Form W-9.

RE: Change of Ownership for Water Right Nos. 75-10033 & 77-10133

Dear Water Right Holder:

The department acknowledges receipt of correspondence changing ownership of the above referenced water rights to you. The department has modified its records based on the information received to reflect the change in ownership and has enclosed computer-generated reports for your records.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see §§ 42-222 and 42-223, Idaho Code.

Also, please note that water right owners are required to report any change of ownership and any change of mailing address to the department within 120 days of the change. Change reporting forms are available from any office of the department or at www.idwr.idaho.gov.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Emalee Rushing
Administrative Assistant
