Subj: Contact name for applicant / permit holder

Due to department standards & data-entry standards; the contact information for 47-17645 has been modified to remove the City Engineer's name (Troy Vitek) from the contact name field. Mr. Vitek is an Assistant City Engineer for City of Twin Falls, and signed the Application for Permit on their behalf; however his name is not listed in the "Applicant Name" portion on the Application for Permit. Therefore his name was removed, as he is not the Permit Holder. The Permit remains under City of Twin Falls.
