

MEMORANDUM

Date: January 26, 2016
To: Water Right File 95-16585
From: kfranklin
Re: Corrections

When the application for this water right was first submitted ArcMap erroneously placed the pod and pou in the NWNW quarter section instead of the correct quarter section SWNW however the government lot 1 was correct. The application was advertised and ultimately permitted in the wrong quarter section however the government lot designation was correct. The error was not the fault of the applicant but was the fault of the departments soft ware in the program ArcMap. Since the government lot was correct in all cases, the license will reflect the correct quarter section. This correction is made without an amendment or re-advertising the application.
