**Request to Reinstate a Permit Lapsed more than Sixty Days**

Statements of Completion for Submitting Proof of Beneficial Use submitted more than sixty (60) days after mailing of a lapsed permit notice must be accompanied by a Beneficial Use Field Report prepared by a certified water right examiner as the result of an examination to clearly confirm and establish the extent of the beneficial use of water established in connection with the permit during the time authorized by the permit and any extensions of time previously approved, a statement of reasonable cause for filing late proof of beneficial use, and a reinstatement application fee of \$250 per§ 42-218a(2), Idaho Code.

**Statement of reasonable cause for filing a late proof of beneficial use:**

Since 2008, the original developer, James D. Sherrik, lost his custom home in the West River subdivision and all his interests there due to the economic reversal in the building industry. Since His absence, the remaining 4 homeowners tried to conduct Homeowners Association business, but they didn't have the knowledge nor experience to proceed with the required paperwork and monies were non-existent. In March of 2015, we ELECTED A STRONG, knowledgeable & experienced Board, collected ALL monies in arrears to proceed with the water issues & legal proceedings. We are sorry about the filing delays, and we now have the leadership expertise and monies to establish our needed water appl interests in the West River Subdivision. Thank You.

**Required items:**

- ☒ Statement of Completion for Submitting Proof of Beneficial Use
- ☒ Beneficial Use Field Report
- ☒ Reinstatement application fee of \$250

The information contained in this statement is true to the best of my knowledge. I understand that should the department reinstate my permit that the priority date will be advanced to the day that proof of beneficial use was received.
