Water Right License

Revised

WATER RIGHT NO. 63-09206

5. The rights for the use of water confirmed in this license shall be junior and subordinate to all rights for the use of water other than hydropower, within the State of Idaho that are initiated later in time than the priority of this right and shall not give rise to any right or claim against any future rights for the use of water, other than hydropower, within the State of Idaho initiated later in time than the priority of this right.
6. The term of this water right license shall run concurrently with energy sales agreement Case Number IPC-E-06-13, Order Number 30088 approved by the Idaho Public Utilities Commission, which expires on April 13, 2026. Prior to the expiration of the term, the Director may issue an order canceling all or any part of the use authorized herein, may establish a new term, or may revise, delete, or add conditions under which the water right license may be exercised. The order shall take effect on the date the current term expires. If the Director does not issue such an order, the term shall automatically extend to a length equal to the prior term and any prior conditions on the water right license shall remain in effect.
7. Use of water under this right shall be non-consumptive.
8. Project location is the Mora Drop on the Mora Canal.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed this 25 day of January, 2016.
