**RE: Multiple Notice of Change of Water Right Ownership Regarding Water Right
Nos. 22-7035 and 22-7207B.**

Dear Jonie:

Enclosed for processing are multiple *Notices of Change of Water Right Ownership* for the above-referenced water rights. The prior owner is a business entity known as Riverside Farms, and the water right is being split among numerous business entities. As of the date of this letter, Fremont County has not updated its tax parcel data that will clearly show the new parcels that have been created. We understand that you rely on this tax parcel information to perform your split analysis, and understand that it may take some additional time to process these documents because the new tax parcels have not been updated.

Because all of the *Notices of Change of Water Right Ownership* are being submitted together, we are only paying the filing fee once. Therefore, because we are splitting two water rights, at \$100.00 per water right, please find a check in the amount of \$200.00.

If you have any questions or concerns, please let me know.

Best Regards,

Robert L. Harris

RE: Change of Ownership for Water Rights 22-7035 (Split into 22-7035, 22-14198, 22-14199 22-14200) and 22-7207B (Split into 22-7207B, 22-14201, 22-14202 & 22-14203)

Dear Water Right Holder:

The department acknowledges receipt of correspondence changing ownership and splitting the above referenced water right. The department has modified its records to reflect the changes and has enclosed computer-generated reports for your records.

Your portion of the water right has a specified point of diversion, nature of use and place of use. If you plan on changing any of these, including adding a new point of diversion, then an Application for Transfer on your portion of this right is required. If you do not plan on changing any items on your water right, then no further action is required at this time.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been deliberately abandoned or forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Jonie Barg
