Morning Clay,

Well after further review, I think we will hold off on renewing the WSB lease for now and allow them to be released. We may still submit them back into the WSB through the application process in the future and understand that will come with a fee. Thanks again for your assistance and I will be in touch if we deem it necessary to place them back into the WSB.

Thanks so much!

Subject: Indefinite Lease Designation form and letter sent to RJ LLC

Rob,

Thank you for your inquiry about these water rights. I have included a copy of the letter that was sent to RJ LLC along with the form. Since the department has an ownership change form for these from Young Farms LLC. It can be signed by anyone listed on the Secretary of State Web Site for Young Farms and emailed back to me. We are scheduled to release these from the WSB on January 22, 2016 if we do not receive a designation form. Thanks.

Sincerely,
Clay Webster
