Shelley,

I worked with Steve to research available information & updated the POD & POU shapes to reflect the partial decree. I also notified Fred of the correction.

Steve,

Here's a research project. Please look at the emails below & note what Carter recommends after looking at the information.

Let me know what you find & we will decide what action to take.

Thanks,
Pam

Pam,

Please have someone in your group investigate and take appropriate action. Let me know when you've got it resolved.

Thanks.

Shelley

Project ID = 1515

Shelley,

Here is another one from Fred. I can agree that the water right shapefiles should be updated, but I have no information to support his claim that the legal description of the POD is in error.

The building Fred identified as the well house is approximately 30 feet by 30 feet, and is possibly a storage shed or abandoned home. Google Earth shows some very old corrals in the NESENW where the POD was decreed. (I added the Google Earth View of 22-10022 attachment)

Carter,

RE: PD & Shapefile error: 22-10022, Jack E & Johnnie M Koon

POD:

The Water Right POD shapefile for 22-10022 describes the POD in the SWSE, S18, T05N, R39E, however the SRBA Partial Decree (PD) describes it in the NESENW.

You can see the well house in aerial photography which shows it in a different 10 acre tract (SESENW) than is listed in the PD (NESENW).

(1) The Water Right POD shapefile associated with 22-10022 should change the location of the well from SWSE to the SENW.

(2) The 10 acre tract description listed in the Partial Decree should be changed from NE to the SE.

POU:

The Water Right POU shapefile for 22-10022 contains two polygons: (1) describes the aliquot parcel SENE (correct); and (2) describes government surveyed Lot 6 which is a portion of the SWSE.

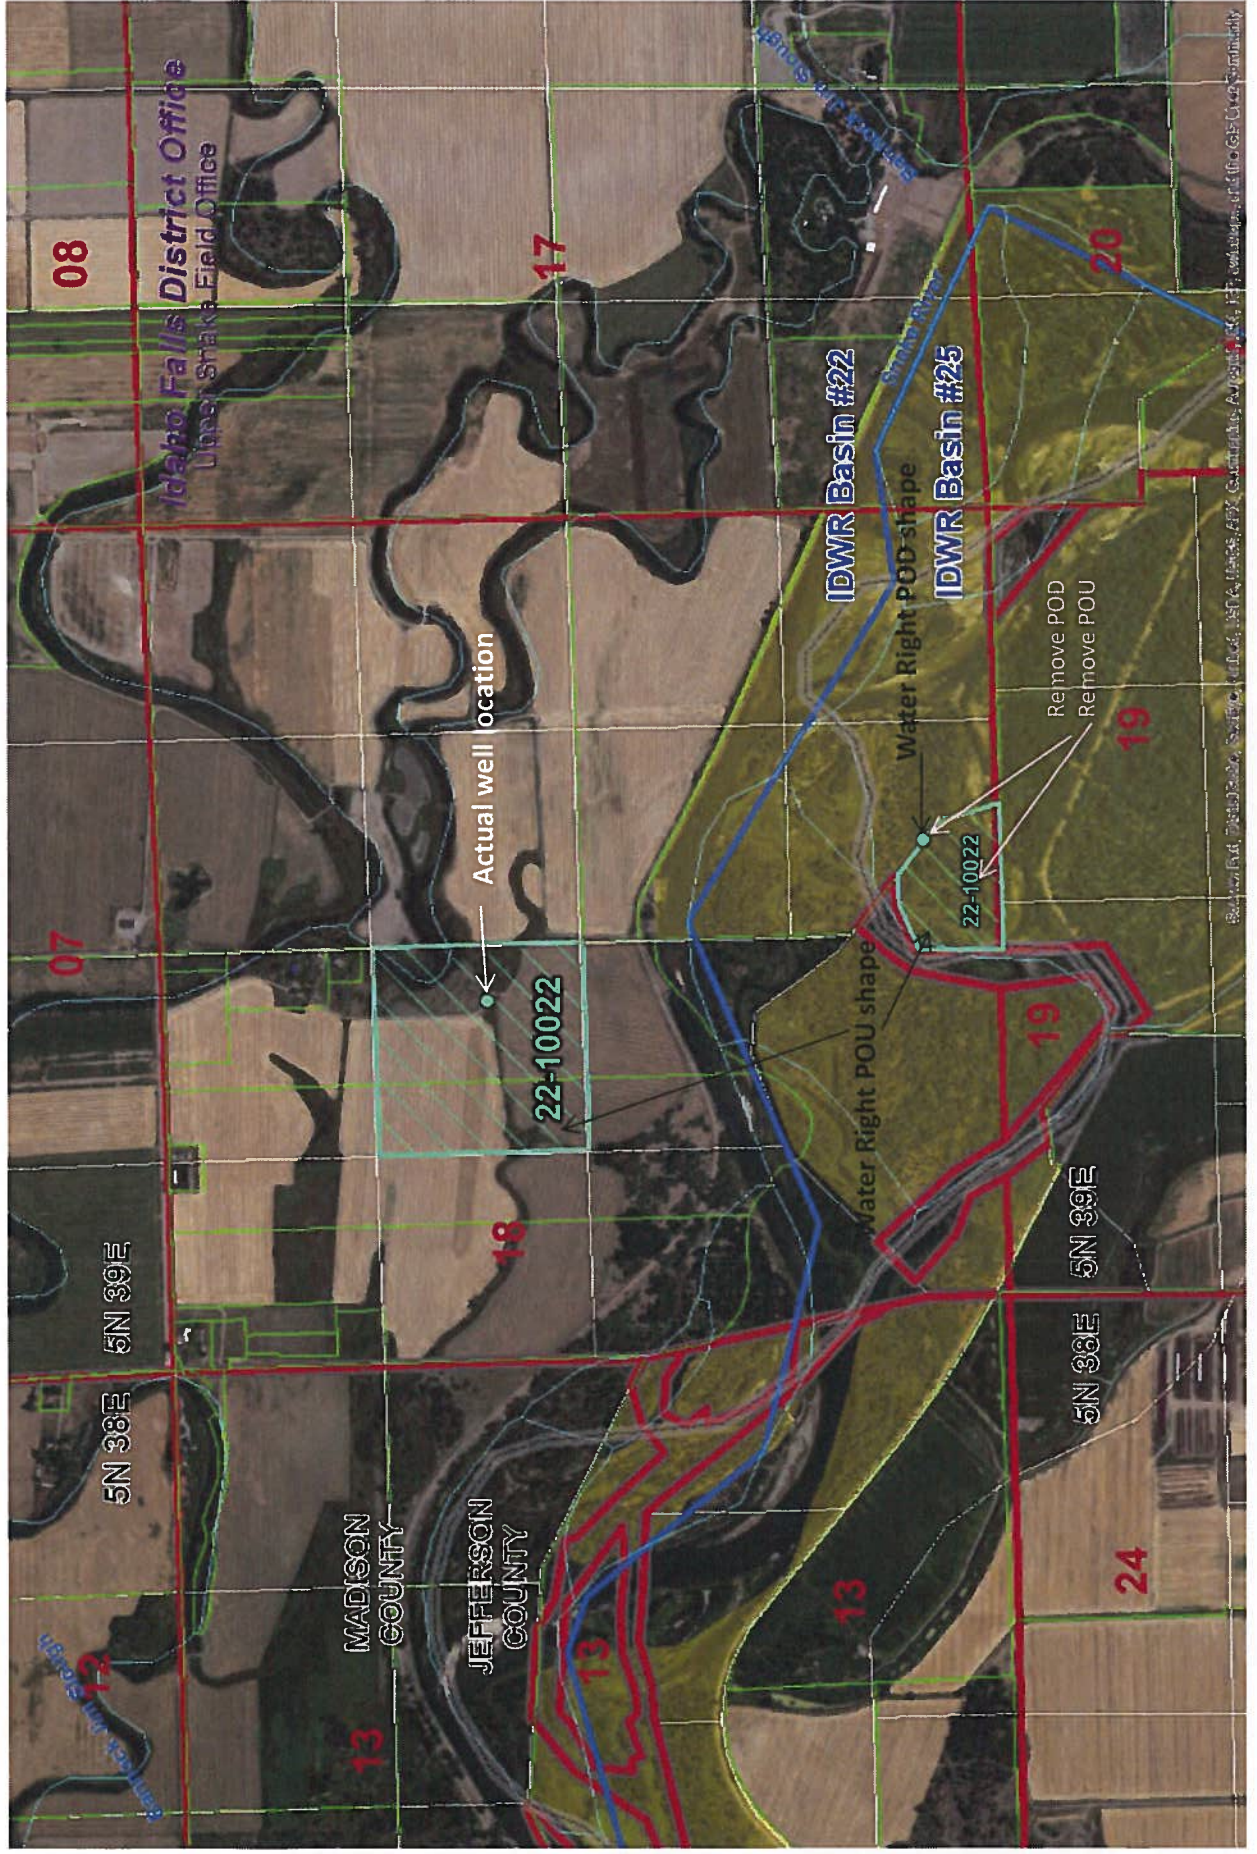

Explanatory material describes the tax parcel number associated with 22-10022 to be RP05N39E182401A. This parcel number doesn't show up in Madison County data currently, so perhaps 2401A was subdivided? The Madison County Assessor's Office lists Jack Koon's property within the SENW as being parcel number RP05N39E182404.

(1) The Partial Decree for 22-10022 only includes the SENE and does not include Lot 6 (SWSE), therefore the Water Right POU shapefile for 22-10022 should be edited to exclude Lot 6 (SWSE).

(208) 373-3831

Jack E. & Johnnie M. Koon:

22-10022, 05-01-1910, Well, 0.02 cfs, stockwater (50 cows), RP05N39E182401A

Jack E. & Johnnie M. Koon:

22-10022, 05-01-1910, Well, 0.02 cfs, stockwater (50 cows), RP05N39E182401A

The shapefile for Jack's water right 22-10022 should probably not include Carol Koon's parcel.

-this parcel # doesn't exist anymore

T05N, R39E, S18
