RE: Assignment of Permit for Water Right No. 96-9191

To Whom It May Concern:

The Department of Water Resources has received an Assignment of Permit to change the ownership of the above referenced water right to you. When I returned the Assignment of Permit form to Chatham, LLC, for correction on November 05, 2015, I was not aware that Northern Regional Office (Northern) of the Department was already working on licensing this permit. On the other hand, Northern was not aware of the Assignment of Permit filing either.

However this permit was licensed on November 25, 2015, in the name of Chatham, LLC, which makes the water right real property appurtenant to the land. Therefore a completed Notice of Change in Water Right Ownership form (ownership change notice) is required along with conveyance documents for the land to change ownership of the above mentioned water right. I am returning the completed Assignment of Permit form as it no longer applies.

Enclosed is an ownership change notice for your use. The \$25.00 fee submitted with the Assignment of Permit filed on January 8, 2016, will be reapplied to the ownership change notice. Please complete and return the ownership change notice at your earliest convenience.

If you have any questions, please feel free to contact me at (208) 287-4945

Sincerely,
