Conditions Applicable to All Leased Water Rights

1. The water rights referenced above will be rented from the bank at the current rental rate.
2. There is no rental payment to the lessor of the water right if the right or a part thereof is not rented from the bank.
3. While a right is in the bank, the lessor may not use the right without approval of the Department, even if the right is not rented from the bank. Any violation of the terms of this lease may result in enforcement procedures pursuant to Idaho Code § 42-351 for illegal diversion and use of water and may include civil penalties pursuant to Idaho Code § 42-1701B.
4. A right accepted into the bank stays in the bank until the Board releases it, or the lease term expires. A right may be released from the bank upon request, provided the Board approves the release. Unless approved by the Department, leased rights may not be immediately available for release.

7. Failure of the right holder to comply with the conditions of acceptance is cause for the Director to rescind acceptance of the lease.
8. Acceptance of a right into the bank does not, in itself, confirm the validity of the right or any elements of the water right, nor does it improve the status of the right or accomplish the resumption of use. It does not preclude the opportunity for review of the validity of this water right in any other Department application process.

9. In accordance with Idaho Code §§ 42-248 and 42-1409(6), all owners of water rights are required to notify the Department of any changes in mailing address or change in ownership of all or part of a water right. Notice must be provided within 120 days of the change.
10. If a water right leased into the Water Supply Bank is sold or conveyed during the lease term, and if the leased right was rented, the rental proceeds will be disbursed in the following manner regardless of any arrangements between the buyer(s) and seller(s) to the contrary:
 - a. Rental payments will go to the lessor(s) of record at the beginning of the rental season, even if the Department processes a Notice of Change in Water Right Ownership during the rental season.
 - b. New lessor(s) of record will receive payment after the following rental season.
11. The water right leased to the bank is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.

RE: RENTING THIS RIGHT FROM WATER SUPPLY BANK

The comment below is a condition of approval on all the water rights. This water right is leased into the Bank. The rental amount if diverted from different point of diversion should be a proportional reduction of the overall diversion rate. Please adjust accordingly.

"Rights 2-2172, 2-2177, 2-2184, 2-2185, 2-2191A, splits of 2-2191B, 2-2192, 2-2193, 2-2194A, 2-2196, 2-2199, 2-2208, 2-2280, 2-2363, 2-2368, 2-2422, 2-7010, 2-7011, 2-7078, 2-7081, 2-10029, 2-10059, 2-10184, 2-10185 2-10218, 2-10219, 2-10220 and 2-10221 when combined shall not exceed a total diversion rate of 74.30 cfs."

The total diversion rate of all 62 water rights (not all water rights are listed) is 95.339 cfs.

$74.30 \div 95.339 = 0.779$ or 0.78
