Re: Second Draft Transfer Approval No. 78356 (Shekinah Industries Inc.)

Dear Parties:

On December 15, 2015, the Department of Water Resources (department) sent a draft transfer approval for application number 78356 to you for review. On December 23, 2015, the department received a letter from the applicant requesting the permissible place of use be reduced to exclude lands the applicant no longer owns. The department received no other comments on the draft approval. Accordingly, the department has prepared the attached second draft approval for the transfer. It is identical to the first except the permissible place of use and proposed points of diversion have been removed from lands in the northeast corner of the place of use.

Please review the draft approval carefully and contact the Department within 14 days of the date of this letter with your concerns. The application has no remaining protests; therefore, if we do not hear from you, the Department will take the steps necessary to bring the application to final resolution. As always, you may file a petition for reconsideration within 14 days after the preliminary order approving the transfer is issued.

Please feel free to contact this office if you have any questions regarding this procedure.

Sincerely,

Nick Miller
Regional Manager
