Appears to be a fat-finger mistake. Please change to Range 2W per this email. Thanks for the catch Patrick. I will request a relinquishment from the client for permit 63-12534 once application 63-34168 has advertised and hopefully is not protested.

Hello Lori,

Reviewing the application for advertisement and processing. Can you please confirm that the point of diversion was intended to be described within Range 2 West rather than 2 East, as described by the attached application? Also, a relinquishment of permit for 63-12534 will have to be submitted before a new permit can be issued. That can be received at any time and will not be processed until the new permit is signed.

Thanks Lori!
