Application for Permit No. 67-15137

Dear Applicant(s):

The Department of Water Resources has received your water right application. Please refer to the number referenced above in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the WEISER SIGNAL on 1/6/2016 and 1/13/2016. Protests to this application may be submitted for a period ending ten (10) days after the second publication.

If the application is protested, you will be sent a copy of each protest. All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, the Department will process your application and notify you of any action taken on the application. If your application is approved, the Department will send you a copy of the permit.

Please contact this office if you have any questions regarding the application.

Sincerely,

Rachel Neely

Good Afternoon Ernie Chandler,

Per our conversation today by phone please clarify the following items regarding your application for permit.

1. Your application states on #6 that the proposed well diameter is 10 inches, 40 feet deep, with a 7 ½ horsepower pump. Please clarify if this information refers to both proposed wells.
2. Our records show that you have proposed to irrigate a portion of land owned by DGBRMB Family LTD. Please clarify if the portion of property located in the SWNE in 11N, 06W, Section 25 is owned by you. If the property is not owned by you please describe the agreement you have with DGBRMB Family LTD.
3. Please clearly identify the two proposed points of diversion and the place of use on the map attached.

If you have questions regarding this matter, please contact me.

Sincerely,

Re: Water Right Application Incomplete - Returned

Dear Applicant:

This office received your application on May 4, 2015. The application cannot be accepted into the records of the Idaho Department of Water Resources (IDWR) until the following items are addressed:

- Nature of Proposed Use was incomplete. Please complete section 6d and indicate whether or not ground water with a temperature great than 85°F is being sought.
- Place of Use or acres irrigated was not provided correctly. The number of acres to be irrigated in each 40-acre tract must be shown. See the attached guidance document for an example.
- The Description of Other Water Rights was incomplete. Please write whether or not there are any other water rights or surface irrigation shares on the proposed place of use and what they are.

The original incomplete application is enclosed. Please make the necessary amendments to the original form and re-submit within the next thirty (30) days. If IDWR does not receive your written response within thirty (30) days, a refund will be issued for this filing. IDWR forms and other information are available on the Internet at www.idwr.idaho.gov. Please consult the IDWR website or contact this office at 208-334-2190 and ask for the "office day person" if you have any questions about the necessary information or fee.

Sincerely,

Western Region Water Rights Staff
