Subject: More WR for which I could use your help.

Good afternoon, Jean,

I need your help on some additional Bonner County water rights for publication, these also for Bonner County Daily Bee, if you are able to help. If you aren't able to do these because of your schedule, I'll try to get to them maybe later in the week.

Water Right numbers on those are 96-9578, 96-9579, 96-9580, 96-9581 and 96-9582.

I'm presently working on a couple of applications for publication in Priest River Times, and should be able to finish those before I leave today. I'm still only working about 4 hours a day, (at least that's what I've been given approval for) and unfortunately having trouble getting caught up.

I've been slammed with a bunch of protests which I have to get entered, acknowledgement letters sent out, and documents scanned and profiled.

I finished preparing and sending out to applicants, documents for transfers (with some help from Pam on how and where to find the appropriate letters etc., since these didn't have to be published.) I'm not sure about profiling those – 94-9387 and 95-13899. When searching for both of these files, they appear in WR Search as Claim/Recommended.

Thanks for all you've done so far – I know you have to be swamped, too.
