System Description for C&K Leasing Application for Permit

Gravel Washing Operation:

Water will be pumped directly from the well to fill the settling ponds and then pumped from the ponds to the washing operation. The settling ponds will have a surface area of approximately 7,500 square feet and a depth of about 6 feet. After the annual initial pond fill, only water that is required to make up for seepage and evaporation losses will be pumped to the settling ponds. The ponds will be lined with an impermeable clay liner to minimize seepage losses.

Concrete Batch Plant:

Water will be pumped from the well to 10,000 – 40,000 gallon storage tanks. These tanks will be set up with float valves that cause the well pump to start when the level drops to a pre-determined and shut off when the tanks are full. A separate pumping system will deliver water to the concrete batch plant and the domestic use.

The only water leaving the site will be that which is used in mixing concrete and perhaps some for dust abatement at construction sites.

Application For Permit No. 95-17123

Dear Applicant(s):

The Department of Water Resources has received your water right application. Please refer to the number referenced above in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the COEUR D ALENE PRESS on 12/17/2015 and 12/24/2015. Protests to this application may be submitted for a period ending ten (10) days after the second publication.

If the application is protested, you will be sent a copy of each protest. All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, the Department will process your application and notify you of any action taken on the application. If your application is approved, the Department will send you a copy of the permit.

Please contact this office if you have any questions regarding the application.

Sincerely,

Dianne Ball

Hi, Holly,

Please publish the enclosed legal notice on the dates indicated, December 17 and 24, 2015,(once a week for two consecutive weekly issues). If you cannot publish the notice on the proposed dates, please contact us immediately.

This should be very close to press ready – for 2-column, 8pt, Century Old Style font.

Please note the areas under **USE** containing dates and water amounts that are offset and lined up. Our legal should appear in this format.

Please also send a proof/preview copy for my review before this actually goes to press.

If you have any questions, please contact me as early as possible.

An affidavit of publication must be submitted to the Department along with the publication bill. Please send the affidavit and bill to this office before 1/4/2016. Your cooperation is appreciated.

It's a pleasure working with you. Thanks for all your super help.
