

## MEMORANDUM

**Date:** September 17, 2015  
**To:** Water Right File 95-12783  
**From:** medl  
**Re:** lapsed in error

---

As part of office day duties, I received a call from Mr. Dan Loeffler. He was upset because he had received the Lapse Notice letter dated (September 11, 2015) for the above water right permit. He stated that he had paid to have the field inspection done months ago and he understood that it was all in good order.

I queried the receipt tracking system and confirmed that Northern Region had received a check in the amount of \$50.00 on 7/27/2015 for the purpose 'statement of completion'. It appears that Northern Region had not adequately communicated with the state office regarding the status of this permit.

I phoned Mr. Loeffler and explained what I had found. I told him that IDWR could undo the lapsing of his permit with no harm to the water right. I also told him that it would take a couple days because the person in charge of reinstating permits was out of the office but that he should expect to hear from state office personnel soon.

I promised to document the file with a memo of our conversation and my findings.
