ACTION OF THE DEPARTMENT OF WATER RESOURCES

I, GARY SPACKMAN, of the Department of Water Resources hereby approve the
above Application for Amendment for Permit No. 25-07403 with the following:

CONDITIONS OF APPROVAL

1. This right authorizes 15 points of diversion located in the SENE of Section 25, T02N, R37E.
2. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No.120.
3. A lockable device subject to the approval of the Department shall be maintained on the diverting works in a manner that will provide the watermaster suitable control of the diversion.
4. Prior to diversion and use of water under this right, the right holder shall install and maintain acceptable measuring device(s) at the authorized point(s) of diversion, in accordance with Department specifications.
5. Return flow discharged to a subsurface system must be authorized by a separate injection well permit.
6. Use of water under this right shall be non-consumptive.

Witness my hand this 4th day of December, 2015.

Subject: Application for Amendment 25-7403

Hi Claudi,

Attached is an Amendment of Permit for a right that has been sitting in our office for quite some time. A field exam for right 25-7403 was completed in 1997 but since then nothing has been done to license it. In order for us to issue the license, we need to amend the permit to describe 15 wells instead of the 8 that PacifiCorp applied for. Please look the amendment over along with the map. If you agree with the changes please sign the application and return it along with \$100.00 filing fee to me.

If you have any questions please let me know.

Thanks,

Blake Jordan
