Re: Water Right No. 2-10313

Dear Celia:

Thank you for bringing to our attention the inaccurate POD location listed on Water Right No. 2-10313. Transfer No. 78941 was complete correctly and the approval documents signed by the director were correct, so we believe this error to be a glitch in the data entry module. The location has been changed in our database to the location indicated on the transfer application. Enclosed is a copy of the water right as it is now showing the place of diversion in government lot 10 at the SE ¼ SW ¼ of section 34, Twp 05S, Rge 04E. I apologize for this error and any inconvenience it has caused. Please let me know if there is anything else I can assist you with on this or any other matter.

Sincerely,

Phill Hummer
