

MEMORANDUM

DATE: November 17, 2015
TO: Water Right File 25-14303
FROM: CW Clay Webster

RE: Resumption of Beneficial Use Form

On October 5, 2015 the department received an unsigned Resumption of Beneficial Use (RBU) form with an Application to Sell or Lease a Water Right to the Water Supply Bank (WSB) from Kevin and Catherine Thomas.

The RBU form was separated from the WSB application. A deficiency letter was sent to the applicants requesting additional information for the WSB application on October 8, 2015.

On November 3, 2015 Kevin Thomas came into our office with the requested information to complete the WSB application. In the course of the conversation, Mr. Thomas informed me that they did not have a well drilled to divert this water right.

On November 4, 2015 the department sent a lease contract for signature and returned the unsigned RBU form with an explanation in the letter that resumption was not possible due to the fact that they did not have a diversion point (drilled well) for this right.

On November 16, 2015 the department received the signed Lease Contracts along with the signed Resumption of Use Form. Resumption of use is not possible until a well is drilled to divert this right.
