Re: Permit No. 95-17062

Dear Mr. Nelson,

We are sorry for your recent loss.

Enclosed are copies of the Permit documents mailed to you back on November 4, 2015.

Additional information regarding this water right from your initial application through the issuance of the Permit, are available on our website at:

idwr.idaho.gov

You can access that from any computer.

When you get on the website, on the right side below the heading you will find **Online Research** and immediately below that **Research Tools**, and below that **Water Rights Search**.

It will ask you to agree to the terms (it's my program and I have to do that also).

On item 2 on the next screen, **Adjudication, Water Right & Basin or Transfer**, you will want to change the search "ALL" button to search for specific, then click on the little white box for Claim/Water Right/Basin, and enter 95 for the basin number, and 17062 for the sequence number, and *Save Search Parameter*. Move to the right side of the screen and click on *Start Search*.

That will pull up some information and if you click on More Options and then on Documents in the little box, it will give you two options on which to click to pull up two sets of documents.

I have only enclosed the first few items of the top listed item which are the duplicates of what was mailed to you the first of the month.

If you have additional questions or I can be of further help, call me.

Sincerely

A handwritten signature in blue ink that reads "Dianne Ball".

Dianne Ball
Administrative Assistant
