2. There is no rental payment to the lessor of the water right if the right or a part thereof is not rented from the bank.
3. While a right is in the bank, the lessor may not use the right without approval of the Department, even if the right is not rented from the bank. 8. Acceptance of a right into the bank does not, in itself, confirm the validity of the right or any elements of the water right, nor does it improve the status of the right or accomplish the resumption of use. It does not preclude the opportunity for review of the validity of this water right in any other Department application process.

9. In accordance with Idaho Code §§ 42-248 and 42-1409(6), all owners of water rights are required to notify the Department of any changes in mailing address or change in ownership of all or part of a water right. Notice must be provided within 120 days of the change.
10. If a water right leased into the Water Supply Bank is sold or conveyed during the lease term, and if the leased right was rented, the rental proceeds will be disbursed in the following manner regardless of any arrangements between the buyer(s) and seller(s) to the contrary:
 - a. Rental payments will go to the lessor(s) of record at the beginning of the rental season, even if the Department processes a Notice of Change in Water Right Ownership during the rental season.
 - b. New lessor(s) of record will receive payment after the following rental season.
11. The water right leased to the bank is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.

12 Narrative

The application was received on October 15, 2015. The applicant wishes to place 4.6 acres into the Water supply bank to protect the unused portion of this right from forfeiture. This water right is in the Mountain Home GWMA. Irrigation of this right was verified in 2010 during an office day visit in September and the WR owner was advised to place unused portions in the bank for protection from forfeiture. Mrs. Beauchamp changed her lease application and map to eliminate a portion of their lot that they had recently cleared and planted.

The place of use comparison showed several rights which are all adjacent to the leased POU.

The headgate requirement for this area at this time is 4 af per acre
