

AGREEMENT

RECEIVED

NOV 18 2015

DEPT OF WATER RESOURCES
SOUTHERN REGION

November 18, 2015

We agree to resolve the protest of application for permit No. 47-17503.

We agree that the domestic use will remain in place as described on the application.

We agree the domestic use will not be transferred to another use.

This agreement does not prevent the splitting of the water right.

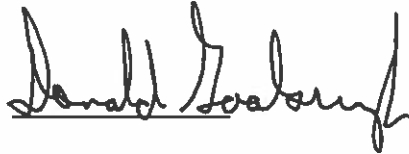

If the water right is split and another well is requested for domestic use by transfer under the resulting split right, the protestant agrees to not protest the transfer.

Based on this agreement the protest is withdrawn.
