RE: Amended Permit Application No. 63-34059

Dear Applicants,

The purpose of this letter request additional information and to identify changes made from your application received on April 30, 2015, to the amended application enclosed. As we discussed on June 17, 2015, several items were to be amended.

The following items have been modified form your original application:

1. #3 on the application- now reflects NESE
2. #8 on the application- now reflect NESE
3. Map of proposed project- now reflects 10 acres as proposed.

Additional information needed includes:

1. Indentify where the stock water tanks/troughs are to be located on the enclosed map.
2. The proposed irrigation area is in water basin 63 which requires applicants to describe the water bearing zone for their wells. This is not on the original application, but is important to know for advertising purposes.

Please review the amended application and make any additional changes needed. Then sign, date, return the amended application, map, and requested information to this office within thirty (30) days.

If you have questions regarding this matter, please contact me at 208-334-2190.

Sincerely,

A handwritten signature in cursive script that reads "Rachel Sommer".

Re: Water Right Application Incomplete - Returned

Dear Applicant:

This office received your application on March 16, 2015. The application cannot be accepted into the records of the Idaho Department of Water Resources (IDWR) until the following items are complete:

- Quantity and period of use were not provided correctly – List each use, associated quantity, and period of use to be appropriated (item no. 4) – for example => 0.20 cfs Irrigation , 0.20 cfs Fire Protection 1/1 to 12/31, 0.02 cfs Stockwater 1/1 to 12/31.
- Total quantity - Amend item no. 5 if instantaneous rate for all uses will be larger than 0.20 cfs.
- Fee – If amend item no. 5 to be greater than 0.20 cfs, a greater fee would be required.
- Description of Diverting works was incomplete – include description of type and size of devices used to divert water from the source (item no. 6a) – for example => Well with submersible pump to sprinkler irrigation, troughs for stockwater, and <??> for fire protection system.

The original incomplete application is enclosed. Please make the necessary amendments to the original form and re-submit, together with any additional applicable filing fee, within the next thirty (30) days. If IDWR does not receive your written response within thirty (30) days, a refund will be issued for this filing. IDWR forms and other information are available on the Internet at www.idwr.idaho.gov. Please consult the IDWR website or contact this office at 208-334-2190 and ask for the "office day person" if you have any questions about the necessary information or fee.

Sincerely,

Western Region Water Rights Staff
