Hi Darla,

I know Dr. Canaday was talking about retiring and I think they have moved. The address below is the one I have listed.

Here is one phone number I have. If you want to email to me, I have his wife's email address and I can forward to her.

Don Canaday
1120 N Division #207
Spokane, WA 99202

Thanks

Cindy Espe

Hi Cindy,

I have a water right permit for which I processed proof of beneficial use on. Permit #95-12307 in the name of Lee's Point Water Association. In an attempt at sending them a Preliminary Order Reinstating their Permit and a Proof Acknowledgment Letter, the mail was returned back to the Department as "Not Deliverable as Addressed". The address I used was the same address listed on the proof statement that was filed with the Department on August 11, 2015, which is **820 Post St #504 Spokane WA 99201**.

I called the phone number listed on the proof statement (208)-772-2745 and was told that Mr. Canady is a client of theirs and that they have the same address for him that we have. She gave me another phone number for Mr. Canaday of (509)-448-6750, but when I called it a message came on the said, "this number is in service".

I am unable to locate Lee's Point Water Association, and I want to send them their order and correspondence regarding proof processed and the next step with this water right.
Can you help me?

Sincerely,

Darla Block

Good Morning,

I understand you have a question regarding the Canady's application? I was out for a couple of days, but I can help you now. What is your question?

Thanks
