RE: Oscar R Steinley – Permit #94-07639
Pond – Statement of Completion

Dear Darla:

As requested, enclosed you will find the following:

- Copy of your letter dated July 31, 2015
- Statement of Completion
 - I believe the fee was sent at an earlier date – please advise if that is not the case
- Copy of original application for permit

Note – The initial need for the pond occurred due to our inability to hold any water using a culvert riser. We made a smaller pond in clay soil to try to hold a carry-over of water. The pond is approximately 4' deep and 20' in diameter. We have some nesting ducks in early spring when water is flowing into the pond.

We have had no excess water to keep pond full. Pond is presently dry. Please advise how to go forward. Should we wait until spring when, hopefully, the pond will fill?

We look forward to hearing back from you at your earliest convenience.

Cordially,

Oscar R Steinley

(Char Steinley, wife, signed on behalf of Oscar this date)
