Re: Trust Water conditions applicable to pending permit 37-22951 (Rotarun Ski Club, Inc)

Dear Parties:

The Department of Water Resources acknowledges receipt of your stipulation for withdrawal of protest ("stipulation") against the above referenced application. The parties have agreed to the protestant's withdrawal if approval of the permit application is conditioned as provided in the stipulation.

In any conditional withdrawal, the Department must review the agreement to ensure that conditions to be included in an approval are acceptable. Since that time, in anticipation of similar approvals, the department has developed standard conditions of approval to address the "trust water" issue in a consistent manner. The enclosed draft permit approval incorporates the department's standard conditions to address your stipulation.

Please review the draft approval carefully. If you think the draft approval is not substantially in conformance with your stipulated conditions, please contact the department within 14 days of the date of this letter with your concerns. The application does not have any remaining protests; therefore, if we do not hear from you, the department will take the steps necessary to bring the application to final resolution. As always, you may file a petition for reconsideration within 14 days after the preliminary order approving the permit is issued.

Please feel free to contact this office if you have any questions regarding this procedure.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Allen Merritt'.
