RE: Withdrawal of Protest to Application for Permit No. **51**-13107

To Whom It Concern:

Peter Jackson provided a copy of Amended Application for Permit No. **51**-13107 dated 10-9-15. This latest amendment removed the irrigation use from the water right proposal. It is my understanding, should this amended version be approved no irrigation will be authorized only 0.08 cfs for stockwater use. This amendment resolves the protest of Ace Black Ranches. Ace Black Ranches hereby withdraws this protest.
