Thanks Clay, we thought that was correct. We have no intention in withdrawing it anytime soon, but things could change.

Thanks again for the fast response.

Best wishes,
Rodna and Robert

Rodna and Robert,

You may request that your right be released early from the WSB by filling out and sending in this form off of our website <http://idwr.idaho.gov/files/water-supply-bank/WSB-Request-to-Release-a-WR-from-the-Bank.pdf> . The right will be released as requested if there is no rental or pending rental of the right at the time of the release request. Your Lease was updated and the lease will expire on December 31, 2020.

Sincerely,

Clay Webster

Water Resource Agent

Subject: Inquiry

We recently received a letter and a renewal contract for our water right that is currently in the water bank. We signed and returned the contract specifying a 5 year period.

The question that we have is whether we have the right to request the release of the water right prior to the 5 year period? We realize that if the water is rented out, that the right could not be released until the rental expires.

Your clarification would be greatly appreciated.

Thank you,
Rodna and Robert Sisk
Water right #65-7085
