REQUEST FOR EXTENSION OF TIME

To provide additional time in which to submit proof of beneficial use for a water right permit

The Idaho Department of Water Resources will consider this form a request that the permit holder(s) be granted an additional period of time under the provisions of Section 42-204, Idaho Code, in which to complete development of a water right and file proof of beneficial use of water. There is a **FILING FEE of \$50.00** to be included with this form when filed with IDWR.

Permit no. 61-12258 Date proof is due October 1, 2015Name(s) of permit holder(s) Community Council of Idaho, Inc.Mailing address 317 Happy Day Blvd, Suite #250 City Caldwell State ID Zip 83607Telephone no. 208-454-1652 Email kparker@ccimail.org

Describe what work has been completed toward the development of this water right:

If no work has been completed, show "none".

A new well was drilled on the property in 2010, and the first ten rental units were prepared for immediate year-round rental, including purchase and installation of ten Point of Use water treatment devices. The remaining units were to be refurbished in phases. The property has remained vacant except for three units which are being used as our Head Start administrative offices. We have recently accepted an offer for the purchase of the property and are working out the details of that sale now. The buyer plans to further develop the property into rental units.

Costing \$ 124,600

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

Due to economic changes in the area, and despite multiple and ongoing attempts, we were unsuccessful in attracting tenants for the property. As a nonprofit, we have been unable to fund any further development, particularly due to the fact that there has been no rental income since this permit was issued. In fact, even the improvements made initially now require additional upgrades before the units are completely inhabitable.

Permit holder(s) request an extension for Five (5) year(s).
