RE: Change of Ownership for Water Right No(s). 37-2445 & 37-4019

Dear Water Right Holder:

The department acknowledges receipt of correspondence changing ownership of the above referenced water rights to you. The department has modified its records based on the information received to reflect the change in ownership and has enclosed computer-generated reports for your records.

While reviewing your ownership change documentation I found that water right 37-4017 appears to be appurtenant to your property. I've enclosed a copy of the water right report for your review. Also enclosed is a blank copy of the Notice of Change in Water Right Ownership should you wish to submit an ownership change request for that water right.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see §§ 42-222 and 42-223, Idaho Code.

Also, please note that water right owners are required to report any change of ownership and any change of mailing address to the department within 120 days of the change. Change reporting forms are available from any office of the department or at www.idwr.idaho.gov.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Emalee Rushing
Administrative Assistant
