Subject: Water Right Application

Dear Mr. Franklin,

RE: Application 86-12014 for permit # 96-9433

I received your Notice of Proposed Default Order and subsequently spoke to the current owners of the property in question.

I am in the process of assigning my application to the current owners.

Unfortunately, I am having printer issues on my home system and cannot print out the forms from the DWR web site.

Together we will bring this process to close.

Thank you .
