Tina,

Good afternoon! I've attached a map to help you with filing your water right permit application. As we discussed, please draw a dot on the map where you plan to drill your well and label it "PD" for point of diversion. Also, please draw a line around the area you plan to irrigate and label the area "PU" for place of use. Once completed return the map with your application form. Please let me know if you have any questions or any troubles receiving the attached map.

Re: Water Right Application Incomplete - Returned

Dear Applicant:

This office received your application on May 20, 2015. The application cannot be accepted into the records of the Idaho Department of Water Resources (IDWR) until the following items are addressed:

- Point of Diversion(s) was incomplete. Please correct section three of the form to include the 40 acre-tract description of where your well will be located.
- Quantity was not provided correctly. The diversion rate must be in cubic feet per second. For 4 acres, you would be allowed to apply for .03 cfs per acre for a total diversion rate of .12 cfs. This number should be included in section 4 next to "amount" for "irrigation." It should also be included in section 5 for total quantity to be appropriated. You do not need to put any quantity in section 5 part b for acre feet per year.
- Place of Use or acres irrigated was not provided correctly. The number of acres to be irrigated in each 40-acre tract must be shown. See the attached guidance document for an example.
- The Description of Other Water Rights was incomplete. Write whether or not there are any other water rights or surface irrigation shares on the proposed place of use and what they are.
- The Map was not provided. You must include an 8½" x 11" map that clearly identifies the proposed point of diversion, place of use, section #, township, and range. A photocopy of a USGS 7.5 minute topographic quadrangle map is preferred but you may also use the mapping tool provide on the IDWR website at <http://maps.idwr.idaho.gov/TransferApplicationLayouts/Map>.

The original incomplete application is enclosed. Please make the necessary amendments to the original form and re-submit within the next thirty (30) days. If IDWR does not receive your written response within thirty (30) days, a refund will be issued for this filing. IDWR forms and other information are available on the Internet at www.idwr.idaho.gov. Please consult the IDWR website or contact this office at 208-334-2190 and ask for the "office day person" if you have any questions about the necessary information or fee.
