RE: Notice of Security Interest in a Water Right 27-11366, 27-12050 & 27-12092

Dear Water Right Holder(s):

The department acknowledges receipt of correspondence adding a security interest to the above referenced water right(s) to you. The department has modified its records to reflect the security interest and has enclosed a computer-generated report for your records.

The department received an Assignment of Permit for the above mentioned water right, however the water right was licensed prior to receiving the Assignment. After discussing the matter your office decided to file a Security Interest. The department is returning your Assignment of Permit unprocessed, however the Security Interest has been completed.

Updating the security interest record for a water right does not reconfirm the validity of the right. When processing an security interest notice, the department does not review the history of water use to determine if the right has been deliberately abandoned or forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Jonie Barg
Technical Records Specialist
