Re: Multiple Notices of Change of Water Right Ownership Regarding Water Right Nos. 21-2122, 21-7024, and 21-7027

Dear Jonie:

As you know I've been working on partitioning some of Crapo's farm entities for estate planning purposes. In 2005 we partitioned Crapo Farms' land across GMC Farms, RLC Farms, and BKC Farms. And then just lately we re-partitioned some of that land once again. (This will account for the disparity in dates for the deeding.) For purposes of this application, we are simply transferring water rights from Crapo Farms to GMC Farms with no splits or changes other than ownership.

Concerning Water Rights 21-2122 and 21-7024, please note that they have the same POD and POU. However, I've still provided maps and the two deeds which contains the relevant land both in Section 27 and Section 28.

As we're simply transferring these three water rights, please see enclosed check for \$75.

If you have any questions, please don't hesitate to call me at 917 923 0009. If I'm unavailable, Rob Harris is also familiar with this application.

Sincerely,

Lance Crapo
