Re: Extension of Time to Avoid Forfeiture

The last clear evidence of irrigation of the place of use for Right 29-2494 was in 2009. After 2009, the right holder apparently had five years of non-use, i. e. 2010 through 2014. According to IDWR's policy, the right holder would be expected to take some action by the end of 2015 to protect the right from forfeiture. On June 18, 2015, the right holder filed an Application for Extension of Time to Avoid Forfeiture of a Water Right. The extension will provide forfeiture protection for five additional years, i.e. the 2015 through 2019 irrigation seasons. Resumption of use will be expected by the 2020 irrigation season.
