Re: Transfer Evaluation

Transfer No. 80328 for water rights 29-13800, 29-2044A and 29-67 proposes to change the point of diversion.

Authority to file:

All of the water rights are currently in the name of Robert Perkins. The current place of use is in the name of Robert Perkins.

Validity of the Water Right:

Water rights 29-13800, 29-2044A and 29-67 were decreed on March 22, 2004. Aerial photography shows consistent irrigation. Forfeiture does not appear to be an issue.

Injury to Other Water Rights:

No injury to other water rights was identified. The application was advertised, no protests were received. The water master for WD29 was notified of the transfer in writing on August 13, 2015 and a personal phone call was made to Steve Hebdon water master for WD29 explaining the transfer on September 22, 2015. Mr. Hebdon had no concerns with this transfer as proposed.

Local Public Interest:

No issues identified.

Beneficial Use / Conservation of Water Resources:

No issues identified.

Review of the application finds there is not clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this transfer application.
