Original: Water Right No. 63-33442
Split into: Water Right No's. **63-33442** and **63-34144**

Dear Water Right Holders:

We have received and processed an Assignment of Permit of the original Water Rights as referenced above. This Assignment of Permit required a split of the original water right.

When a portion of the original water right has been conveyed to another, a new water right number is created to represent the portion obtained by the new owners. For your records, a poof report and map depicting the place of use (POU) and the point of diversion (POD) for **63-33444**, **63-34146**, **63-33442**, and **63-34144** are enclosed. Please refer to your new water right number when corresponding with our office.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Your portion of these water rights has a specified point of diversion, nature of use and place of use. If you plan on changing the nature of use, place of use, or point of diversion under these rights, then an Amendment of Permit must be filed on your portion of these rights. Based on your particular water right, it appears that the originally proposed point of diversion is within the POU of the new permit. You may need to file an Amendment of Permit to add a different point of diversion for your property. Please contact this office for further information on the Amendment of Permit form or you can find the forms at www.idwr.idaho.gov. If you do not plan on changing any items on your water rights, then no further action is required at this time.

Thank you for your patience, as we have had several water right changes to process. If you have any questions concerning the enclosed information or this letter, please feel free to contact this office at 208-334-2190.

Sincerely,
