RE: Notice of Change in Water Right Ownership: 57-11614, 79-4126B & 79-14250

Dear Applicant,

On September 10, 2015 I mistakenly processed all three water rights on the application you submitted to the Department into your name. This was an oversight on my part in relation to water rights 79-4126B & 79-14250 being owned by Richard & Denise Laritz. Upon further research and our conversation on September 14, 2015 it was confirmed that only water right 57-11614 was applicable to the application submitted to the Department.

I have gone back and corrected the records to reflect Richard & Denise as owners of 79-4126B & 79-14250 and have included copies of the water right report to reflect this. I apologize for the error and appreciate your communication in the manner. A refund has been requested that will be sent to you under separate cover.

Should you have questions, please call this office at 208-334-2190.

Sincerely,

Chad Jones

RE: Refund: Ownership Change 57-11614, 79-4126B & 79-14250

Please refund \$50. KATHERINE H LARITZ filed an ownership change on 8/20/15 for 3 WR's due to her husband, Richard Laritz passing away. Only 57-11614 was applicable to the change as the other referenced water rights belong to Mr. Laritz's son.

Please issue a refund of \$50.00 to:
