Rand,

RE: Transfer #79975, 74-01593 (Robison)

Thank you very much Rand for your message. It is my understanding that the map of the proposed area to be irrigated has been amended to remove BLM land in the S1/2 NW1/4 NE1/4 SE1/4, S15, T17N, R24E, but I'm curious as to how are you going to achieve avoidance of BLM land out on the ground (see attached map)?

Pam and Fredric

Today I received the formal protest dated 7/20 is this the one referenced in this email?

It is clearly not our intention to trespass in any way on federal ground. Please help me resolve this issue.

Thank you for your help

Rand

Fred Price:

I received the protest you submitted on behalf of BLM for Application for Transfer 79975 in the name of Adrian Rand Robison and Dorothy H. Robison. I believe your concerns may already have been addressed during the initial department review of the Robison application and

How are you going to determine where the property line is between BLM & private lands (red dashed line) on the ground?

Transfer #79975, 74-01593 (Robison)
