

7/13/2015

To Whom it may concern:

In regards to permit #82-12253.  
My father John Miller bought this  
property in 3/2014, He passed away  
on 4/2015. His house and land  
are up for sale @ this time.

As I understand it the water  
comes from a spring and is piped  
into a tank, that is pumped into  
the house and sprinkler system  
for the lawn.

If anything else is needed  
Please send any correspondence  
to me
