CONDITIONS OF APPROVAL

1. This right authorizes the diversion of 1.5 acre-feet to be used for the initial filling of the pond and 0.4 acre-feet for losses due to seepage and evaporation, for a total annual storage volume of 1.9 acre-feet.
2. The pond established by the storage of water under this right shall not exceed a total capacity of 1.5 acre-feet or a total surface area of 0.3 acres.
3. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 11.
4. Upon specific notification by the Department, the right holder shall install a lockable device of a type acceptable to the Department in a manner that will provide the watermaster suitable control of the diversion.
5. The evaporation from the pond authorized by this right shall not exceed 2,500 gallons per day.

State of Idaho
Department of Water Resources
Water Right License

WATER RIGHT NO. 13-07912

CONDITIONS OF APPROVAL

6. The fish propagation element of this right is non-consumptive.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed this 26th day of August, 2015.
