10. Explain fully your reasons for requesting an extension of time within which to resume the use of your water right and reasons for non-use I have to get this water thru the power meter of Mr. Pope, the well owner. I cannot use well water unless he runs the well, which he has not done for several years. So I need this extension to protect my right to the well. I am short on canal water, and would use the well if I could. The well is on my property, but can't be valued down enough for me to use it alone.

I hereby assert that no one will be injured by such extension. The information contained in this application is true to the best of my knowledge.
