CONDITIONS OF APPROVAL

1. Right 22-14034 and the diversion to storage elements of water rights 22-535 and 22-2095 when combined shall not exceed a total diversion rate of 1.80 cfs.
2. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 01.
3. Use of water under this right shall be non-consumptive.
4. After specific notification by the Department, the right holder shall install a suitable measuring device or shall enter into an agreement with the Department to use power records to determine the amount of water diverted and shall annually report the information to the Department.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed this 7th day of August, 2015.

for GARY SPACKMAN
Director
