MEMORANDUM

To: Water Right No(s). 37-21829 and 37-21831
From: Jean Hersley
Date: July 9, 2015
Re: Review of Applications to Lease Water Rights to the State Water Supply Bank

PURPOSE/NARRATIVE: These application(s) were received March 2, 2015. The Applicant wishes to continue irrigation 10 acres with these rights and put the rest in the Bank. The attachment 2 with the application was filled out based on a condition that limits the two water rights to 45 acres within a 128.4 acre PPU, but a map and letter accompanying the application requests that 10 acres be withheld.

AUTHORITY TO FILE: Gary Mc Stay, water right holder, signed the applications.

WATER RIGHT VALIDITY: Both rights were decreed in 2009. Forfeiture is not an issue.

INJURY TO OTHER WATER RIGHTS: No injury is apparent.

ENLARGEMENT OF USE: No enlargement is evident through the lease alone. Proper rental review should protect against enlargement.

LOCAL PUBLIC INTEREST: Review staff has no information to suggest this application is inconsistent with the local public interest.

BENEFICIAL USE/CONSERVATION OF WATER RESOURCES: The lease appears consistent with the conservation of water resources in Idaho.

DEPARTMENT STAFF OR WATERMASTER COMMENTS: The leased right(s) are subject to Water District # 37B. The watermaster help fill out the applications so comments will not be solicited from him.

Water Rights 37-21829 and 37-21831

Clay,

I helped Gary and Mari print up this paperwork. Hopefully I entered the idled acres correctly in these forms from reading your previous emails you sent me concerning these rights. It was a little confusing since according to the water right the acres can be moved around in the POU. Essentially, Gary is irrigating a total of 10 acres of his property out of the surface water rights of 37-21829, 37-21831, and 37-22197. This acre amount was determined by IDWR agent Benny Walker and he drew us a map in the Twin Falls office (see enclosed map). Gary and Mari are wanting to water bank all of the remaining acres of those three rights. He is also wanting to water bank the entire ground water right of 37-22882. Please let me know if any of these forms weren't correct or if there is any questions.

Thank You,

Rusty Kramer

Rusty,

Group 1

If you look at the conditions on the water rights they state that 37-21829 and 37-21831 are limited to a diversion rate of 1.23 and the irrigation of 45 acres. On the forms each of these rights will have the total amount offered to the bank. Take that 45 acres subtract what is being irrigated in their POU to get the # of acres offered to the bank.

Group2

37-22882 you'll do the same only with the 26 acres that are authorized for this POU.

For 37-22197 you can take the number of acres offered to the bank for 37-22882, divide that by the 26 acres and then multiply that by the 22 acres.

Take the cfs off of the water right divide it by the right acre limit and multiply it by the acres offered to the bank.

Have them provide a separate map for each lease group. I hope this helps.

Sincerely,

Clay Webster

Subject: Water Bank Questions

Clay,
Helping a Gary Mc Stay fill out his water bank papers and realized I might've filled my fathers, Jim Kramer's out wrong as well so if you see it come across your desk you can check it out. Anyways, Gary and myself went to the IDWR office yesterday in Twin to find out exactly how many acres are being irrigated for water right 37-21831, 37-21829, 37-22197, and 37-22882. He is irrigated exactly 10 acres according to the maps. 37-21829 and 37-21831 are allowed 45 acres total irrigation combined. 37-22197 and 37-22882 are allowed 26 acres of total irrigation combined. Filling out the last page of the water bank paperwork and was very confused. So

can I put 35 acres of both 37-21829 and 37-21831 in the bank, or only 17.5 acres each? And 16 acres of 37-22197 and 37-22882 in the bank or only 8 each? Also, a little confused on how much cfs of each right I can put in. Sorry for the 52 questions, I so wish I lived closer to Boise and I would just stop in and talk in person.

Thanks
