RE: APPLICATION TO RENT WATER RIGHTS 35-7169, 35-7373 and 35-10422 FROM THE WATER SUPPLY BANK

Dear Mr. Yancey:

As follow-up to our letter dated May 14, 2015, the Department of Water Resources is returning your application to rent water from the Water Supply Bank ("bank").

This letter is notice that the attached application for rental of water is **returned** for the following reasons:

- The application was not processed prior to the latest possible start date identified on item 3C of the Application to Rent Water
- Water rights identified for this rental application are only leased through 2015.

Any use associated with your proposed rental request is considered unauthorized and, if occurring, will be subject to any necessary enforcement action.

In future years, we encourage you to file your rental applications as soon as possible after November 1, the year prior to the irrigation season, to improve the chances that they will be processed prior to your latest possible start date.

If you want any future applications to be retained by the department and considered for the future years, you will need to indicate that choice in item 3C of the application marking "Yes, approve rental for all remaining future years". This section had no block checked on the application received.

Please note that any application to rent ground water which will move the point-of-diversion more than two miles within the Eastern Snake Plain Aquifer (ESPA), requires an additional evaluation step. The impact of the proposed move must be evaluated using software which models the ESPA. The approved modeling utility is available from our website and there are consultants in your area who can provide that modeling service for you. Modeling the impact to the ESPA is requirement for most WSB rentals. An application will be considered incomplete without it.

If you have any questions regarding this matter, please contact me at (208) 287-4910.

Sincerely,

Clay Webster

Re: Review & Analysis of Application to Rent Water from the State Water Supply Bank

PURPOSE/NARRATIVE: The department received this application to rent .34 cfs and 92.4 af of water to irrigate 23.1 acres for 5 years on May 11, 2015. The applicant was sent a letter informing them that this rental may not be processed in time for this season on May 14, 2015. The latest possible start date on the application was 6/15/15. The application is for multiple years. However, the water rights requested are only leased for 2015. This application will need to be returned unprocessed.

AUTHORITY TO FILE: Terrell Yancey signed the application. The taxlot info indicates that the property is owned by the BLM. Mr. Yancey Transferred WRs 35-14420, 35-14421, 35-14422, 35-14423 and 35-14424 to the other part of the pivot, which also falls on BLM land. According to the Review Memo for transfer 80061 the applicant provided a deed to the department on this property. I have been unable to locate that deed. That will have to be requested from the applicant if they resubmit and the tax-lot data is not updated.

WATER RIGHT VALIDITY: 35-7169, 35-7373 and 35-10422 were decreed in 2002. These rights were leased into the bank this year for this year only. Satellite imagery shows that the leased acres are being idled.

INJURY TO OTHER WATER RIGHTS: Modeling was submitted with this application. The modeling was verified. No mitigation is required. I have no information that indicates that injury will occur.

ENLARGEMENT OF USE: Mr Yancey has water rights 35-14420, 35-14421, 35-14422, 35-14423 and 35-14424. These rights are for the other portion of the pivot for this rental. Aberdeen Springfield's POU area does not overlap this POU. There are no overlapping rights for this rental. No enlargement issues are noted.

LOCAL PUBLIC INTEREST: Review staff has no information to suggest this application is inconsistent with the local public interest.

BENEFICIAL USE/CONSERVATION OF WATER RESOURCES: The rental appears consistent with the conservation of water resources in Idaho.

DEPARTMENT STAFF OR WATERMASTER COMMENTS: The rented right(s) are subject to Water District # 120. Since this application has to be returned, No watermaster comments will be requested.

RE: APPLICATION(S) TO RENT WATER FROM THE WATER SUPPLY BANK

Dear Applicant:

The Idaho Department of Water Resources (Department) acknowledges receipt of your application(s) to rent water from the Idaho Water Resource Board's Water Supply Bank (Bank) for irrigation to irrigate 23.1 acres. Filing a Bank rental application does not automatically result in approval. Before a rental application can be approved, the rental request must be reviewed, a rental agreement must be prepared, the agreement must be approved by the applicant and the Department, and the rental fee must be paid. To maximize the number of rental applications processed while managing competing priorities, the Department begins accepting rental applications on November 1 for use in the next calendar year, and it processes as many applications as it can before the start of the irrigation season in March or April. Once the irrigation season begins, Department staff members are reassigned to address field work and other duties.

Because your application was received near the beginning of the irrigation season, which is now well underway, it is unlikely the Department will be able to process your application in time for approval in 2015 unless you have proposed a start date late in the year. If your application was for 2015 only and the latest possible start date on your application has passed, the application will be returned to you. If your application requests a rental for more than one year, the rental application may be retained by the Department and evaluated for 2016.

In future years, we encourage you to file your rental applications as soon as possible after November 1 to improve the chances that they will be processed.

Additional information about the Bank may be found on the Department's website at http://idwr.idaho.gov/WaterManagement/WaterRights/WaterSupply/ws_default.htm.

If you have questions regarding this matter, please contact me at 287-4910.

Sincerely,

for Clay Webster

RECEIVED

MAY 11 2015

DEPARTMENT OF
WATER RESOURCESAPPLICATION TO RENT WATER
FROM THE BOARD'S WATER SUPPLY BANKApplicant Name: Terrell YancyIs this application being submitted with a lease application as a lease/rental package? Yes ☒ No ☐

An *Application to Rent Water from the Board's Water Supply Bank* must be completed in accordance with the minimum requirement checklist below to be acceptable for processing by the Idaho Department of Water Resources (IDWR). This checklist is part of the rental application and must be included with the rental application. **Applications that do not meet the minimum requirements will not be placed in the processing queue and may be returned until all minimum requirements have been met.**

Applications to rent water should be submitted well in advance of the desired start date for the use of water. Rental applications may be submitted as early as November 1 of the year prior to the intended use of rental water. Rental applications submitted more than one year in advance of the proposed start date for water use will not be accepted and will be returned to applicants. Rental applications will not be processed if they are received after the end of the rental season of use.

One rental application per beneficial use of water. One rental application can be submitted if you propose to rent water from multiple sources. For multiple beneficial uses of water, individual rental requests should be submitted for each unique beneficial use of water.

For additional instructions on completing a rental application, visit the Department's website at www.idwr.idaho.gov.

A. Applicant Terrence L. YANCY
 Mailing Address 1226 S 2700 W Aberdeen ID 83210
 Email Address TS YANCY @ GMAIL Phone Number 208 221-5374

B. Is this application being completed by an authorized representative on behalf of the applicant? Yes ☐ No ☒
 If yes, representatives (includes company employees if the applicant is a corporation, as well as legal counsel or consultants) should provide their information below if they desire to be included on correspondence with the rental applicant.

Representative _____ Professional Title _____
 Organization _____ Relationship to Applicant _____
 Mailing Address _____
 Email Address _____ Phone Number _____

2. MAP

Create a map of the proposed point(s) of diversion, place(s) of use, and water diversion, delivery and distribution systems. Make sure the place of use is outlined with an obvious, bolded line. For irrigation purposes, note that the place of use outlined on your map cannot exceed the number of acres you are proposing to rent. Attach the map to this application and label it Attachment 2.

3. DESCRIPTION OF PROPOSED USE FOR RENTAL WATER

A. Describe the purpose of your rental request. Include any anticipated rates of water application, water use practices or number of stock (if any). If the proposed use is not for irrigation, please provide a detailed description of the proposed use and how you determined the amount of rental water required. Attach additional sheets if required and label it Attachment 3A:

The purpose is for irrigation through a center pivot. The well is existing and diverts water for other water rights I own.

B. Enter the desired and/or minimum necessary rates of flow, volume, or irrigable acres requested for your rental purposes:

Desired Rate (Cubic Feet/Second)	Desired Volume (Acre-Foot)	Minimum Rate* (Cubic Feet/Second)	Minimum Volume* (Acre-Foot)	Acres (if applicable) (Acre)
0.34 CFS	92.4 AF	CFS	AF	23.1 AC

Sometimes water rights available for rent provide an exceptionally low rate per acre and/or low volume per acre. This section is meant to establish an acceptable range of water sufficient for your proposed water use. Please see question 4B and complete if necessary.

C. Enter the proposed start date and latest possible start date for using rental water. Also provide the number of years you would like to rent water:

Proposed Start Date (month/day/year)	Latest Possible Start (month/day/year)	* Proposed Rental Duration (Max 5 Years)	** For multi-year rentals, indicate whether you desire to rent water for remaining years if a rental request cannot be approved for the first year?	
5, 15, 15	6, 15, 15	5	☐ Yes, approve rental for all remaining future years.	☐ No, return rental request if first year is unapprovable.

- * The number of years permissible for a rental is subject to the lease contract duration for the water right(s) being rented.
 ** Subject to the availability of rentable water. A multi-year rental that cannot begin during the first year requested may be approved for some or all remaining years, depending on availability. Rental requests will be returned if no water is available to rent in the first and/or subsequent years of the rental request.

Application to Rent Water (Continued)

- D. Refer to the map you created in item 2 and specify the location of the point(s) of diversion (POD) from which rental water is proposed to be diverted:

Water Source	TWP	RGE	SEC	¼	¼	¼	County	Other water rights for the same purpose diverted from this POD
Drip Well	04S	31E	28	SW	SW		Bingham	35-8074A

The entry in this grid must match the map from item 2 on the application.

- E. Do you own and/or possess the authority to divert water from the above POD(s)? Yes ☒ No ☐
If no, provide documentation from the owner/operator confirming your authorization to use the POD(s) and label it Attachment 3E.
- F. Do any POD(s) identified in Question 3D divert from a water source that may require water modeling? Yes ☐ No ☒
Refer to the Water Modeling Requirements Information Sheet to determine if a rental POD may require water modeling.
- G. Has water modeling been provided with your rental request? Yes ☒ No ☐
If yes, include as Attachment 3G. Otherwise please explain why modeling was not provided:

Rental applications that require modeling will be returned if modeling is not provided.

- H. Specify the proposed beneficial use: ☒ Irrigation ☐ Commercial ☐ Industrial ☐ Municipal
☐ Groundwater Recharge ☐ Mining ☐ Stockwater ☐ Other: _____
- I. Refer to the map you created in item 2 and specify below the places you propose to use water. If for irrigation, specify the number of acres to be irrigated per ¼ ¼ tract. Otherwise indicate usage by marking the ¼ ¼ tracts with the first letter of your proposed use identified above:

TWP	RGE	SEC	NE				NW				SW				SE				TOTALS
			NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE

The entry in this grid must match the map from item 2 on the application.																			Total Acres (for Irrigation) 23.1

- J. For irrigation uses, do you propose a water diversion rate greater than 0.02 cfs/acre? N/A ☐ Yes ☐ No ☒
If yes, explain the justification for this rate of flow and attach any supporting documents as Attachment 3J:

- K. Do you own the land at the proposed rental place of use (POU)? Yes ☒ No ☐
If no, attach documentation from the POU owner/operator confirming your authorization to use the POU and label it Attachment 3K.

- L. Describe your water distribution system and how water will be delivered from the POD(s) to the proposed POU(s):

I will have a main line from the point of diversion to a center point in the middle of the ¼ ¼

M. List all other water rights and sources of water at the rental place of use for the same purpose and explain why additional water is required. Include privately owned water rights and water received from a municipal supplier, an irrigation district, a canal company, or any other water deliver entity:

Source of the water is 35-8074A and will be using rights #35-7355B
+ 35-2774A for a combined 14.6 acres need 23 more for a smelt pivot

4. RENTAL REQUESTS FOR SPECIFIC WATER RIGHTS

A. Are you requesting to rent specific water rights?

Yes ☒ No ☐

If yes, specify below the water rights you are requesting to rent. Otherwise continue to Section 5 of this application form.

Please note: Diversion rates and volumes to be rented from a leased water right must be proportionate to the per acre diversion rates and per acre volume limits of the water right leased to the Bank. Applicants should query a water right's rental availability by reviewing active lease and rental documents, searchable via [IDWR's website](#), to ensure all elements of a water right remain available in sufficient quantity to satisfy a rental request.

Water rights identified below must either already be leased to the Bank or a lease proposal should accompany the rental request. **Rental requests for water rights not yet leased to the Bank will be returned if companion lease applications are not provided with the rental request.**

For leased rights with combined limits, applicants should request to rent against the combined limit diversion rate, volume or acre limits.

Attach multiple copies of this page if space above is insufficient to list all water rights requested to be rented on this application.

B. If water right conditions, combined limits, or the sum of all water right elements being requested provide an unconventional duty of water (e.g., an unusually low rate per acre or volume per acre for irrigation use), explain how your proposed rental will sufficiently accomplish your intended purposes. Attach a separate page if space is insufficient and label it Attachment 4B:

The rate provided by the water rights proposed to be rented supply sufficient
water for pivot irrigation.

WATER RESOURCE BOARD

Application to Rent Water (Continued)

C. Does your rental request propose to change the nature of use for any water right(s) being requested? Yes ☐ No ☒

If yes, explain how the water right(s) will be converted to new uses. Include the historic, consumptive use amounts for the water right being rented, as well as the new consumptive use amount for your proposed beneficial use. Attach a separate page if space is insufficient and label it Attachment 4C.

5. ADDITIONAL INFORMATION

A. Is this the first time that rental water is being requested for this purpose at the rental place of use? Yes ☒ No ☐

If no, list previous rental requests/agreements and explain why you have not secured a permanent water right for your needs:

B. Have you or do you intend to submit an application for permit or transfer proposing a similar use as this rental? Yes ☐ No ☒

If yes, describe: _____

C. Was this rental application submitted in response to a Notice of Violation (NOV) or a pending NOV? Yes ☐ No ☒

If yes, describe the date and location of the NOV.

DECLARATION

I hereby assert that the information contained in this application is true to the best of my knowledge. I understand that any willful misrepresentations made in this application may result in rejection of the application or cancellation of an approval. I understand that if this rental application is approved, it will be subject to the provisions of Section 42-1766, Idaho Code and all applicable state and federal laws.
