The irrigated land is down at the bottom of the property, up by the barns is where the well and tank are for Domestic, Stock water, and a small amount of irrigating for landscaping etc. Let me know if you need anything more, Thank you so much, take care, Holly

Dear Applicants,

I have some questions regarding your proposal and a possible water right overlap. The map you submitted does not have a clear proposal of your place of use (POU) for stockwater. Please clarify the following items:

- Are you using stockwater from 78-10295 as depicted on the above attachment - *Partial Decree - Map 78-10295* ?
- Do you agree with the POU and POD shown on the above attachment - *Map 78-12422* ?
 - If not please modify the attached blank map with the correct POD and POU.

Please email or call me if you have questions.
