RE: Change in Ownership of Water Right No(s). 65-10844, 65-10845, 65-10846A,
65-10847A, 65-10848, 65-10849A, 65-22164

Dear Mr. Kalblinger:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership. Our review of your notice indicates that additional information is required before we can process the change.

During our review of the documentation you submitted we found a discrepancy between that documentation and the legal description of the place of use for the water right(s) indicated in your notice. I have enclosed a copy of the water right(s) for your reference. There appears to be a typo in the legal description for 65-10844 listed on Exhibit "A" to Assignment of Water Right.

According to Idaho Code §§ 42-101, 42-220 a water right shall *not* be considered as being a property right in itself, but shall be an appurtenance of the land. A document evidencing the conveyance of the water rights or the land where the water rights are appurtenant, such as a quitclaim deed, would be necessary to process the water right ownership change.

Because the Department cannot process the ownership change without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

Please feel free to contact the Department if you have any questions.

Sincerely,

Debbi Judd
Technical Records Specialist I
