RE: Permit No. 96-9534

Dear Permit Holders:

The Department of Water Resources sent you an Application for Amendment form with a request for a \$100 filing fee on May 4, 2015, for the above referenced Permit. The amendment is required because the field examiner who verified the water use established in connection with your permit reported that one or more elements of your water use differs from the permit. On May 27, 2015, the Department received the signed amendment form with a change of address form. The documents submitted with the amendment did not contain the required \$100.00 filing fee.

I spoke with Mathew Walker on the telephone concerning this issue, and was assured that the fee would be sent. As of this date, I have not received the \$100.00 filing fee.

If I do not receive the amendment fee of \$100 by August 10, 2015, I will assume you are no longer interested in obtaining a water right license and your permit will be voided.

If you have any questions, please contact me as soon as possible.

Sincerely,

Daniel Nelson
