It does not preclude the opportunity for review of the validity of this water right in any other Department application process.
9. In accordance with Idaho Code §§ 42-248 and 42-1409(6), all owners of water rights are required to notify the Department of any changes in mailing address or change in ownership of all or part of a water right. Notice must be provided within 120 days of the change.

 - a. Rental payments will go to the lessor(s) of record at the beginning of the rental season.
 - b. If a change in ownership is processed by the Department during a rental season, rental payment will be made to the person or entity who is the lessor of record at the beginning of that rental season.
 - c. New lessor(s) of record will receive payment after the following rental season.

12. The use of water for irrigation under this right may begin as early as March 1, provided other elements of the right are not exceeded. MEMORANDUM

To: Water Right No(s). 63-32685, 63-32687, 63-32689, 63-32691 and 63-32693
From: Jean Hersley
Date: June 24, 2015
Re: Review of Applications to Lease Water Rights to the State Water Supply Bank

PURPOSE/NARRATIVE: These application(s) were received February 17, 2015. The applicant wants to place the entirety of all rights in the Bank. Montierth withheld these rights in a land sale to Barron Development in 2005. The land is now owned by Frank Tiegs LLC, who has their own water rights for the land. As of today, these are paper rights. Refer to review memo for transfer 76427, that the new owner will not be using any of Montierth's water rights to irrigate.

AUTHORITY TO FILE: Edward Ray Montierth signed the applications as one of the current owners.

WATER RIGHT VALIDITY: These water rights were decreed in 2010 and have not been put to beneficial use since they were decreed. Forfeiture is not an issue. See email from SPF Water Engineering LLC.

INJURY TO OTHER WATER RIGHTS: No injury is apparent.

ENLARGEMENT OF USE: No enlargement is evident through the lease alone. Proper rental review should protect against enlargement.

LOCAL PUBLIC INTEREST: Review staff has no information to suggest this application is inconsistent with the local public interest.

BENEFICIAL USE/CONSERVATION OF WATER RESOURCES: The lease appears consistent with the conservation of water resources in Idaho.

DEPARTMENT STAFF OR WATERMASTER COMMENTS: The leased right(s) are not subject any Water District at this time.

Subject: Montierth WSB Lease Applications

Roxanne,

I am in the process of reviewing the WSB Lease Applications for water rights 63-32685, 63-32687, 63-32689, 63-32691 and 63-32693. Has any irrigation taken place since these water rights were decreed in 2010?

The land appurtenant to water rights 63-32685, 63-32689, 63-32691 and 63-32693 is owned by Frank Tiegs LLC, so I assume the irrigation happening on the lands are from his water rights.

Land appurtenant to water right 63-32687 is now Wild Prairie Estates with houses that were built in 2008. Is this water right providing the irrigation water for this subdivision? The Montierth's own one parcel which is 3 acres in this subdivision.

Please respond within 7 days so the Department can continue reviewing these applications. Thank you.
