Jean,

Yes, the 3 year lease is correct. I believe they have some plans for this farm that are different than the rest.

I was not aware of Transfer#79586 that was submitted by the previous owner. It does appear that the lease application is no longer needed. I believe we used the old 29-2545 POU shape for our initial farm review and water bank analysis.

I need a clarification on the end date of the lease for water right 29-2302. You listed 2017 as the lease end date and all the other applications have an end date of 2019. I just wanted to make sure this was correct. Please let me know as soon as possible.

I also want to let you know, the Department will be returning the lease application for 29-2545. The acres listed for the Bank are not part of the water right. The POU was updated in 2014 with transfer # 79586. Attached is a map of the current POU.
